## Danielle Ofri, M.D.

Author, *What Patients Say; What Doctors Hear*  
New York Times writer on doctor-patient connection  
Associate Professor of Medicine, New York University School of Medicine

**Sunday, March 4<sup>th</sup>**  
**2:00pm**

Memphis Jewish Home & Rehab  
36 Bazeberry Road, Cordova  
Gomez Auditorium

Free and open to the public

Danielle Ofri is one of the foremost speakers about the doctor-patient relationship and bringing humanity back to health care. At a time when frustration is at an all-time high for doctors, nurses, patients, and their families, Danielle's unique voice and extraordinary perceptiveness help unravel the complex layers of modern medicine.
